- You're desperately looking for a way to improve the situation;
- You're looking for a solution which is both efficient AND affordable.

SAVE TIME AND MONEY WITH OUR GestionAIR SERVICE

- GCD Expense account management
- DST Movement report/work monitoring

THE ESSENTIAL TOOL FOR COMPANIES WITH ON-THE-ROAD EMPLOYEES

(Distribution centers, electricians, construction workers, technicians, public works departments, government services, etc.)

Targa Innovations' services include GCD expense account management and DST movement report/work monitoring.

GestionAIR's GCD expense account management

Benefits for the employer:

- Open architecture to fit your needs and your existing applications;
- Mileage accuracy;
- Saving on gas expenses with accurate mileage statement.

GestionAIR's GCD, A TRULY COST-EFFECTIVE SOLUTION!

Each time you save 37.5 km (multiplied by \$0.40 per km), you reimburse your monthly premium.

Benefits for the employees:

- No more complexity and dreariness linked to paperwork;
- No more late delivery of expense accounts, which in turn leads to delays in reimbursements;
- Access to their GestionAIR's GCD personal accounts from everywhere (home, hotel, etc.);
- Simplified expense management: restaurant, hotel, mileage, office expenses, parking fees, etc.

A NEW, SIMPLE AND EFFICIENT TECHNOLOGY!

GestionAIR's DST movement report/work monitoring

Do you think it is possible to:

- Do a real-time follow-up of your on-the-road employees' work?
- Simplify and optimize your management?
- Reduce time wastes and be more efficient?
- Reduce the risk of errors and your clients' potential frustrations?
- Improve the promptness of your communication?
- React quickly to unexpected daily situations and increase your client satisfaction?
- Manage human resources more easily?
- Simplify the daily report process?
